

Christian Morgenstern, Der Werwolf	Christian Morgenstern, La lupfantomo	Christian Morgenstern, The Werewolf	Christian Morgenstern, The Banshee (An Approach)
	<i>tradukita de Bertilo Wennergren</i>	<i>tradukita de Alexander Gross</i>	<i>tradukita de Max Knight</i>
Ein Werwolf eines Nachts entwich von Weib und Kind und sich begab an eines Dorfschullehrers Grab und bat ihn: „Bitte, beuge mich!“	Jen lupfantom' de famili' meznokte iam kuris for al tombo de la profesor'. kaj petis pri konjugaci'.	A Werewolf, troubled by his name, Left wife and brood one night and came To a hidden graveyard to enlist The aid of a long-dead philologist.	One night, a banshee slunk away from mate and child, and in the gloom went to a village teacher's tomb, requesting him: “Inflex me, pray.”
Der Dorfschulmeister stieg hinauf auf seines Blechschilds Messingknäuf und sprach zum Wolf, der seine Pfoten geduldig kreuzte vor dem Toten:	Do diktis tiu dokta ul' starante sur la kruktabul' dum lup' senmova kiel splinto atentis vortojn de l' mortinto.	“Oh sage, wake up, please don't berate me,” He howled sadly, “Just conjugate me.” The seer arose a bit unsteady Yawned twice, wheezed once, and then was ready.	The village teacher climbed up straight upon his grave stone with its plate and to the apparition said who meekly knelt before the dead:
„Der Werwolf“ – sprach der gute Mann, „des Werwolfs, Genitiv sodann, dem Werwolf, Dativ, wie man's nennt, den Werwolf, - damit hat's ein End!“	De “lupfantomo”, simpla rekta, tra “lupfintomo”, plej perfekta, plu “lupfontomo”, iom rara, ĝis “lupfuntomo”, ho, koŝmara.	“Well, ‘Werewolf’ is your plural past, While ‘Waswolf’ is singularly cast: There's ‘Amwolf’ too, the present tense, And ‘Iswolf,’ ‘Aewolf’ in this same sense.”	“The banSHEE, in the subject's place; the banHERS, the possessive case. The banHER, next, is what they call objective case—and that is all.”
Dem Werwolf schmeichelten die Fälle er rollte seine Augenbälle. „Indessen“, bat er, „füge doch zur Einzahl auch die Mehrzahl noch!“	Ĉi participoj plaĉis multe al la fantomo, kaj rezulte ĝi petis: “Legu plu el PIV-o pri participoj en pasivo.”	“I know that—I'm no mental cripple— The future form and participle Are what I crave,” the beast replied. The scholar paused—again he tried:	The banshee marveled at the cases and writhed with pleasure, making faces, but said: “You did not add, so far, the plural to the singular!”
...

Der Dorfschullehrer aber musste gestehn, dass er von ihr nichts wusste. Zwar Wölfe gab's in großer Schar, doch „Wer“ gab's nur im Sinular.	La viro ĉagreniĝis tamen: “Jam fermis mi per fin' kaj amen, ĉar netransiraj be- stoj feblas kaj la pasiv' ne- niam eblas.”	“A ‘Will-be-wolf?’ It’s just too long: ‘Shall-be-wolf?’ ‘Has-been- wolf?’ Utterly wrong! Such words are wounds beyond all suture— I’m sorry, but you have no future.”	The teacher, though, admitted then that this was not wi- thin his ken. “While bans are fre- quent”, he advised, “A she cannot be pluri- zed.”
Der Wolf erhob sich tränenblind – er hatte ja doch Weib und Kind! Doch da er keine Ge- lehrter eben, so schied er dankend und ergeben.	Sed lupfantomo pri transiro ja spertas pli ol eĉ vampiro. La lup' revenis larmokula al sia famili' ulula.	The Werewolf knew better—his sons still slept At home, and homewards now he crept, Happy, humble, without apology For such folly of philology.	The banshee, rising clammily, wailed: “What about my family?” Then, being not a lear- ned creature, said humbly “Thanks” and left the teacher.
