

Christian Morgenstern, Der Werwolf	Christian Morgenstern, Varulven	Christian Morgenstern, The Banshee (An Approach)	Christian Morgenstern, The Werewolf
	<i>tradukita de Sven Collberg</i>	<i>tradukita de Max Knight</i>	<i>tradukita de Alexander Gross</i>
Ein Werwolf eines Nachts entwich von Weib und Kind und sich begab an eines Dorfschullehrers Grab und bat ihn: „Bitte, beuge mich!“	En varulv lopp från fru m.m. en vacker afton samt begav sig till en bymagisters grav och bad: “Var snäll och konjugera.	One night, a banshee slunk away from mate and child, and in the gloom went to a village teacher’s tomb, requesting him: “Infect me, pray.”	A Werewolf, troubled by his name, Left wife and brood one night and came To a hidden graveyard to enlist The aid of a long-dead philologist.
Der Dorfschulmeister stieg hinauf auf seines Blechschilds Messingknäuf und sprach zum Wolf, der seine Pfoten geduldig kreuzte vor dem Toten:	mig!” Byskolläraren stod upp på blecknamnsskyltens mässingknopp med svar till den, som satt på pass med tåligt korslagd tass på tass.	The village teacher climbed up straight upon his grave stone with its plate and to the apparition said who meekly knelt before the dead:	“Oh sage, wake up, please don’t berate me,” He howled sadly, “Just conjugate me.” The seer arose a bit unsteady Yawned twice, wheezed once, and then was ready.
„Der Werwolf“ – sprach der gute Mann, „des Werwolfs, Genitiv sodann, dem Werwolf, Dativ, wie man’s nennt, den Werwolf, - damit hat’s ein End!“	“Jag var-ulv 1:a pers. i sing., du, han, hon, den, det var-ulv. Så vi voro-ulv, I voren. På de voro-ulv kom ingenting.”	“The banSHEE, in the subject’s place; the banHERS, the possessive case. The banHER, next, is what they call objective case—and that is all.”	“Well, ‘Werewolf’ is your plural past, While ‘Waswolf’ is singularly cast: There’s ‘Amwolf’ too, the present tense, And ‘Iswolf,’ ‘Aewolf’ in this same sense.”
...

Dem Werwolf schmeichelten die Fülle er rollte seine Au- genbälle. „Indessen“, bat er, „füge doch zur Einzahl auch die Mehrzahl noch!“	Varulven myste glad åt hur pers. hade följts av sing. och plur. “Fast”, bad han, “kan det inte ges ens en enda pers. i tem- pus presens?”	The banshee marveled at the cases and writhed with plea- sure, making faces, but said: “You did not add, so far, the plural to the singu- lar!”	“I know that—I’m no men- tal cripple— The future form and par- ticipule Are what I crave,” the be- ast replied. The scholar paused—again he tried:
Der Dorfschullehrer aber musste gestehn, dass er von ihr nichts wusste. Zwar Wölfe gab’s in großer Schar, doch „Wer“ gab’s nur im Sinular.	Bekänna måste vår magister, att därvidlag fanns vissa brister. En varulv sine im- perfecto var contradictio in adjecto.	The teacher, though, admitted then that this was not wi- thin his ken. “While bans are fre- quent”, he advised, “A she cannot be plu- rized.”	“A ‘Will-be-wolf?’ It’s just too long: ‘Shall-be-wolf?’ ‘Has- been-wolf?’ Utterly wrong! Such words are wounds beyond all suture— I’m sorry, but you have no future.”
Der Wolf erhob sich tränenblind – er hatte ja doch Weib und Kind! Doch da er keine Ge- lehrter eben, so schied er dankend und ergeben.	Varulven satt med tårad lins. Han visste att han fanns och finns. Därtill kom också fru m.m. som även måste exi- stera.	The banshee, rising clammily, wailed: “What about my family?” Then, being not a lear- ned creature, said humbly “Thanks” and left the tea- cher.	The Werewolf knew better—his sons still slept At home, and homewards now he crept, Happy, humble, without apology For such folly of philology.
