

Christian Morgenstern, Varulven	Christian Morgenstern, La lupfantomo	Christian Morgenstern, The Banshee (An Approach)	Christian Morgenstern, The Werewolf
<i>tradukita de Sven Collberg</i>	<i>tradukita de Bertilo Wennergren</i>	<i>tradukita de Max Knight</i>	<i>tradukita de Alexander Gross</i>
En varulv lopp från fru m.m. en vacker afton samt begav sig till en bymagisters grav och bad: "Var snäll och konjugera.	Jen lupfantom' de famili' meznokte iam kuris for al tombo de la profesor'. kaj petis pri konjugaci'.	One night, a banshee slunk away from mate and child, and in the gloom went to a village teacher's tomb, requesting him: "Inflect me, pray."	A Werewolf, troubled by his name, Left wife and brood one night and came To a hidden graveyard to enlist The aid of a long-dead philologist.
mig!" Byskolläraren stod upp på blecknamnsskyltens mässingknopp med svar till den, som satt på pass med tåligt korslagd tass på tass.	Do diktis tiu dokta ul' starante sur la kructabul' dum lup' senmova kiel splinto atentis vortojn de l' mortinto.	The village teacher climbed up straight upon his grave stone with its plate and to the apparition said who meekly knelt before the dead:	"Oh sage, wake up, please don't berate me," He howled sadly, "Just conjugate me." The seer arose a bit unsteady Yawned twice, wheezed once, and then was ready.
"Jag var-ulv 1:a pers. i sing., du, han, hon, den, det var-ulv. Så vi voro-ulv, I voren. På de voro-ulv kom ingenting."	De "lupfantomo", simpla rekta, tra "lupfintomo", plej perfekta, plu "lupfontomo", iom rara, ĝis "lupfuntomo", ho, koŝmara.	"The banSHEE, in the subject's place; the banHERS, the possessive case. The banHER, next, is what they call objective case—and that is all."	"Well, 'Werewolf' is your plural past, While 'Waswolf' is singularly cast: There's 'Amwolf' too, the present tense, And 'Iswolf,' 'Arewolf' in this same sense."
Varulven myste glad åt hur pers. hade följts av sing. och plur. "Fast", bad han, "kan det inte ges ens en enda pers. i tempus presens?"	Ĉi participoj plaĉis multe al la fantomo, kaj rezulte ĝi petis: "Legu plu el PIV-o pri participoj en pasivo."	The banshee marveled at the cases and writhed with pleasure, making faces, but said: "You did not add, so far, the plural to the singular!"	"I know that—I'm no mental cripple— The future form and participle Are what I crave," the beast replied. The scholar paused—again he tried:
...	...	...	...

Bekänna måste vår magister, att därvidlag fanns vissa brister. En varulv sine im- perfecto var contradictio in adjecto.	La viro ĉagreniĝis tamen: “Jam fermis mi per fin’ kaj amen, ĉar netransiraj be- stoj feblas kaj la pasiv’ ne- niam eblas.”	The teacher, though, admitted then that this was not within his ken. “While bans are fre- quent”, he advised, “A she cannot be pluri- zed.”	“A ‘Will-be-wolf?’ It’s just too long: ‘Shall-be-wolf?’ ‘Has-been- wolf?’ Utterly wrong! Such words are wounds beyond all suture– I’m sorry, but you have no future.”
Varulven satt med tårad lins. Han visste att han fanns och finns. Därtill kom också fru m.m. som även måste exi- stera.	Sed lupfantomo pri transiro ja spertas pli ol eĉ vampiro. La lup’ revenis lar- mokula al sia famili’ ulula.	The banshee, rising clammily, wailed: “What about my family?” Then, being not a lear- ned creature, said humbly “Thanks” and left the teacher.	The Werewolf knew better– his sons still slept At home, and homewards now he crept, Happy, humble, without apology For such folly of philology.
